

## Grading System

The district's grading system shall be based on Board-adopted course content and is designed to enable the student and parent to clearly know how well the student is achieving course requirements at the student's current grade level, and be based on the student's progress toward becoming proficient in a continuum of knowledge and skills.

The grading system used by the district will be easily understandable by parents.

The grade will be based on multiple factors, such as: basic assignments, both oral and written; class participation; special assignments; research; activities of various types and kinds; and special contributions. At the beginning of the grading period students and parents will be informed regarding the basis of the grades and the methods to be used in determining them.

The superintendent or designee will establish administrative regulations to implement the intent of this policy.
