- a. At 10 consecutive days of absence, truancy procedures must be initiated. Although students who are absent for 10 consecutive days (excused or unexcused) are by Oregon Administrative Rules (OAR) dropped from school rolls for state accounting purposes, this does not release them from the requirement to attend school. Upon return, these students may be required to re-enroll.

 3. Assessment of factors contributing to irregular attendance (LBL ESD Referral form).
 4. Verify student's individualized education plan (IEP) status.
 - a. If student is on an IEP or 504 Plan, the multidisciplinary team (MDT) shall determine the relationship between the student's absenteeism and the student's identified disability. If such a relationship exists, disciplinary action will not normally be taken. The team may, however, recommend a meeting be held to make appropriate changes in the IEP or 504 Plan.
 - b. Where there is no relationship between the absenteeism and the disabling condition, normal procedures may be followed.

5. Identify any special arrangements or any special pertinent information.
- d. For assistance in returning a student to school after the above steps or procedures have been completed, send formal referral to the Linn-Benton-Lincoln Educational Service District Attendance Officer. The formal referral shall include:
