

Eddyville Charter School

Healthy and Safe Schools Plan

Introduction

In 2017, the Oregon State Legislature passed SB 1062, which requires that, every school district, education service district, and public charter school develop a Healthy and Safe Schools Plan (HASS Plan). Each organization's HASS Plan has specific requirements that must be included for the HASS Plan to comply with state law. All HASS Plans are due to the Oregon Department of Education by July 1, 2019. Additionally, each school district, education service district, and public charter school is required to certify annually that the organization continues to comply with the requirements of the HASS Plan by filing an Annual Statement. The following plan was developed to meet these requirements.

1. Responsible Person

The person responsible for administering and implementing the Healthy and Safe Schools Plan:

Name: Stacy Knudson

Position Title: Superintendent/Principal

Phone Number: (541) 875-2942

Email Address: stacy.knudson@lincoln.k12.or.us Mailing

Address: PO Box 68, Eddyville, OR 97343

The person who is the designated IPM Coordinator:

Name: Danny Wheeler

Position Title: Facilities Manager

Phone Number: (541) 875-2942

Email Address: danny.wheeler@lincoln.k12.or.us

Mailing Address: PO Box 68, Eddyville, OR 97343

The person responsible for AHERA information:

Name: Danny Wheeler

Position Title: Facilities Manager

Phone Number: (541) 875-2942

Email Address: danny.wheeler@lincoln.k12.or.us

Mailing Address: PO Box 68, Eddyville, OR 97343

2. List Facilities

All facilities owned or leased by Eddyville Charter School where students or staff are present on a regular basis are covered by this HASS Plan. The list of those buildings and facilities is below:

Facility Name	Facility Address
Eddyville Charter School K-12 Buildings	1 Eddyville School Road, Eddyville, OR 97343

3. Elevated Levels of Lead in Water Used for Drinking or Food Preparation

All school districts, education service districts, and public charter schools are required to test for and eliminate exposure to elevated levels of lead in water used for Drinking and Food Preparation through either remediation or eliminating access, according to OAR 333-061-0400 and OAR 581-022-2223. In conformance with those administrative rules, Eddyville Charter School certifies the following:

1. All testing was done according to the testing requirements in OAR 333-061-0400;
2. All samples were analyzed by a lab accredited by Oregon Health Authority to test for those materials;
3. All water fixtures required to be tested under OAR 333-061-0400 were tested for elevated levels of lead in accordance with the testing schedule developed by the Oregon Health Authority; and
4. The testing schedule for each building covered by this plan is set forth below:

Facility Name	Year of Last Test	Next Scheduled Test (Beginning of 6 year schedule)	Schedule or Exemption Reason
Eddyville Charter School K-12 Buildings	2019	2025 Fiscal Year	6 year schedule

ECS has designed and implemented a water testing plan in accordance with direction from ODE and Oregon Health Authority. As recommended, ECS follows the following:

1. Identify sources of lead: Schools and childcare facilities should test all taps used for drinking or food preparation in the building to identify any lead problem. Follow the EPA's guidance to ensure that samples are collected properly and from the right places.
2. Stop access: Prevent access to water taps that have more than 15 ppb of lead. This should include shutting off tap, covering water fountains, and providing bottled water to students and staff.
3. Communicate: make results from test for lead in water available to students, families, and the community as quickly as possible.
4. Mitigate and correct: Replace the sources of lead in building plumbing. Again, EPA's guidance should be followed.

All results will be communicated to the patrons, staff, and public by posting on the ECS website [Eagle's Nest Facilities - Eddyville Charter School](#), through the mail, and directly to the board of directors.

4. Lead Paint

In order to comply with the United States Environmental Protection Agency's Renovation, Repair and Painting Program Rule, the district will either contract only with certified lead based paint renovation contractors licensed by the Oregon Construction Contractors Board, or use staff that are certified by the Oregon Health Authority to perform the work. Currently, ECS Maintenance, Jason Brooks, is being certified under the Renovating, Repair, and Painting Rules in lead safe work practice.

5. Asbestos

Eddyville Charter School complies with the federal Asbestos Hazard Emergency Response Act (AHERA). All required asbestos management plans are available for viewing by submitting a request to Danny Wheeler, Facilities Manager. Testing is conducted by ETTNW.

6. Radon

Eddyville Charter School has developed a radon plan as required by ORS 332.167. Community members can access a copy of the radon plan here: [Radon Plan](#)
Test results will be made public and are available here within 10 days of receiving results. ECS will contract with a certified environmental testing firm to design and conduct its comprehensive Radon testing procedures.

Status of Testing: Eddyville Charter School conducted radon testing as outlined in this plan. Mitigation included permanent radiation mitigation systems in rooms 48, 49, 54 and 67. Two continuously running electric exhaust fans are permanently mounted in the attic of the building. Results are posted on the school website, by email to the Board of Directors, staff, students, and parents of minor students, and made available in hard copy upon request at the office.

7. Integrated Pest Management

Eddyville Charter School has adopted an Integrated Pest Management (IPM) plan as required by ORS 634.700 through 634.750. Community members can access a copy of the IPM plan here: [IPM Plan](#)

8. Carbon Monoxide Detectors

Eddyville Charter School certifies that all buildings subject to the Healthy and Safe Schools Plan comply with the carbon monoxide detection standards in the state building code that was in effect when the building was originally constructed or as required by building code due to addition, upgrade, or remodel.

9. Test Results Publication

Eddyville Charter School is complying with the requirement to provide access to test results, as defined by OAR 581-022-2223 within 10 business days as defined by ORS 332.334. Test results can be found on the ECS website at [Eagle's Nest Facilities - Eddyville Charter School](#)

Specific test results can be found as follows:

- Lead in Water: [Eagle's Nest Facilities - Eddyville Charter School](#)
- Radon: [Eagle's Nest Facilities - Eddyville Charter School](#)

Additionally, copies of all test results are available at the Eddyville Charter School's main office at 1 Eddyville School Road, Eddyville, OR 97343. Eddyville Charter School will also use current school email lists or communications programs to provide final test results to staff, students, parents of minor students, and other members of the community. This includes providing actual final test results or providing direct access to final test results through links in the communications. Please contact Stacy Knudson, ECS Superintendent/Principal to be added to current district email lists and programs.

I certify that the above information is true and accurate to the best of my knowledge.
